Dear Josh:

I know from discussions with Carl Djerassi and others that you have been deeply involved in issues of environmental safety. I am therefore enclosing the resume of Steve Jellinek, currently the EPA Assistant Administrator for Pesticides and Toxic Substances, who will undoubtedly be leaving government in January as a result of the recent election. It occurred to me that you might have some interest in him or know of other appropriate opportunities.

Steve is in the unique position of having the respect and confidence of both environmental advocates and the regulated industry. While people have not always agreed with his decisions, all of us have respected him as an individual, an administrator, and a public official. If you should wish any further information about him, I would be happy to discuss it with you either by telephone or in person.

With best regards,

Sincerely yours,

Peter Barton Hutt
